HF RFID Portable Reader/Writer RRHF0EM09

Specifications

Parameter	RRHF0EM09
Operating Frequency	13.56 MHz
Antenna	Inbuilt
Protocol	ISO 15693, NFC, ISO 14443A
Charging Time	3 to 4 hours
Supply voltage	5 VDC
Read Range	30 to 50 mm
Interface	Bluetooth 4.0
Weight	132gms approx.
Operating Temp	-10° to +50° C
Dimension	69×117×25 mm

Overview

RRHF0EM09 is a small and portable RFID reader with inbuilt antenna. This reader comes with easy to understand API and SDK. It also includes android app with source code.

It operates on 13.56 MHz and is compatible with ISO 15693, ISO 18000-3, ISO 14443 A and NFC global standards. It communicates with all bluetooth enabled devices.

Features & Benefits

- Ultra low power / Sleep mode
- Quick charging
- Continuous operations up to 7 hours
- Near Field Communication (NFC)
